

International Affairs

A Russian Journal of World Politics, Diplomacy and International Relations

Offering unique, first-hand analysis of major foreign policy and security issues facing Russia and other former Soviet republics, this internationally renowned journal is the English translation of the Russian-language journal *Mezhdunarodnaia zhizn*, which is published by the Ministry of Foreign Affairs of the Russian Federation. The editorial board of this journal is traditionally headed by the foreign minister, while the journal's contributors are primarily experienced, high-ranking diplomats and leading Russian international relations experts and scholars. As such, *International Affairs* is an excellent primary source for anyone interested in Russia's foreign policy, worldview, and approaches to international development.

Published in English by East View, *International Affairs* sheds light on:

- Russia's foreign policy and diplomacy
- Russia's approach to international relations, international organizations, and relations with foreign countries
- Russia's worldview
- Russian academic research, expert analysis, and opinions on relevant current and historical national and international developments
- Economies and policies of neighboring states
- History of Russia and the USSR and their foreign relations
- Memoirs, often devoted to the experiences of diplomats
